

# Fitted to Holiness

*"...belongs on the bookshelf of every Christian who believes in the Doctrine of the Two Kingdoms"*

*"Timely, so needed!"*

*"... thank you for an excellent read. You put into words so many things we have known and felt to be true."*

*"... well-researched, well-documented, and backed by Scripture! We appreciate the study."*

Fashion designers know the impact of clothing. They study it, they make a living off of it, and they know how to design immodesty, well. Can plain people apply these same concepts to understand how modesty is achieved and when it is compromised? This volume, which packs in a tremendous amount of research, nurtures an appreciation for that single practice identifying the plain churches' convictions most clearly: dress. It will help the reader appreciate both God's mandate for holiness in dress and the many subtle—and not-so-subtle—ways it is under attack today. Written especially for Amish, Apostolics, Brethren, Mennonites, Hutterites, and other plain Anabaptists. Includes a detailed glossary and 28 page index for easy reference.

Hardcover 410pp. 2019 **\$14 retail** (Ohio res. add 7%) + **\$4 s/h** (+\$2 each extra); call for bulk discounts
